Mon, Sep 23	Depart FSD Airport		4:10p		Rick Jost	605-695-0783 rjost@brookings.net

****NOTE** to coordinators at sites of solar cooking demonstrations: naturally, weather conditions (sunshine) will impact the success of solar cooking demonstrations, so we can't guarantee results. Should any food need to be cooked, or the cooking finished up, in the gas/electric oven in the church kitchen, we will appreciate your assistance. For these reasons, we cannot offer a meal, but rather samples, to those in attendance at your event, but if the sun is shining, we promise you will be impressed!
